

SAFE ZONE:

All critical elements (text, images, graphics, logos, etc.) must be kept inside the Safe Zone.

Keep all elements away from the Outer Line (Safe Zone).

TRIM ZONE:

Please allow a 0.125 inches cutting tolerance all around. We do not recommend having borders due to shifting in the cutting process, which may cause borders to appear uneven.

BLEED ZONE (0.125 inches)

Make sure to extend your background images or colors all the way to the edge of the Bleed Outline.

IMPORTANT

Please remove our guided recommendations before submitting your file, or else they will be printed. All text should be converted to outlines.
